

EXB-BB BLUEBERRY BUCKET

* Attachments depicted may include optional paint, upgrades, or custom configurations.

Developed specifically for work in established blueberry fields that are leveling the ground to suit mechanized harvesting. Operators use the shallow cutting edge to pierce the ground and smooth soil underneath established plants with minimal impact on the plants and surrounding area.

- Available in Wedge Lock, Pin-on, S Series or Manual Bar Lock lugging
- Various widths and tooth configurations available
- Various ground engaging tools available to meet your specifications
