

EXB-CR/EXB-PR CONCRETE/PAVEMENT REMOVAL BUCKET

* Attachments depicted may include optional paint, upgrades, or custom configurations.

The concrete/pavement removal bucket allows you to peel up layers to easily remove material. The flat bottom makes it easier to slip between granulars and material being removed so the operator can easily lift and load.

- Teeth options available for different applications
- High strength steel for durability
- Choice of GET
- Available in wedge lock, pin-on, s-series, or manual bar lock lugging
