

MG-683 SERIES

HIGH SPEED ONE WAY PLOW

Features a very aggressive conical moldboard. This plow has been designed specifically for highway use. The large difference between intake and discharge heights results in superior snow curl and discharge at high speeds.

- Features a unique trip that jumps up and back to clear obstacles
- Replaceable adjustable wear shoes
- Can be ordered in either Craig Quick Hitch or Push Pole hook-up
- Hydraulic adjustable pitch available (requires additional valve)
