

WL-GPP PERFORMANCE BUCKET

* Attachments depicted may include optional upgrades or custom configurations.

Use your machine to its full potential with the Craig Performance Bucket. Featuring curved side cutters, the Craig Performance Bucket allows for a greater heaped capacity over the traditional General Purpose bucket – giving you an advantage when it comes to loading trucks.

- Drilled to accept dealer specified ground engaging tools
- Bucket capacities calculated using SAE standards
- Available in Craig Quik Key, OEM coupler and Pin-on configurations
- Critical wear areas utilize AR 400 wear plate
- Designed to load and dump efficiently
- Curved side cutters allow for a larger heaped capacity and improves retention of materials
- Spillguard helps prevent material from spilling into linkage of machine
